

Refuel2Win – rich rewards direct to your bottom line

Refuel2Win

At TFN, we greatly **appreciate** our loyal customers, and we believe that appreciation should show on your bottom line. That's why we've introduced **Refuel2Win**, a customer **appreciation** programme that rewards customers and drivers with **extra benefits**!

- Apart from enjoying a **great diesel price**, you'll be richly **rewarded** for your **loyalty** and business.
- The more you purchase, the **higher you go** up the loyalty ladder.
- All customers – **big and small** – can earn the rewards.

The bigger your volumes, the greater your benefits

The **bigger** your monthly **diesel volume** purchases, the bigger the **benefit**!

Rewards take the form of:

- **Diesel rebates** at TFN Refuel2Save supply sites
- **Discounted** TFN service **fees**
- Preferential **purchase options** on diesel promotions where supply is **limited**
- Monthly **lucky draw prizes** for drivers

Climb the loyalty ladder

As a customer, you will be allocated an **Appreciation Status** – Platinum, Diamond, Gold, Silver or Standard – based on your **purchase volume**. Your status **determines** the benefits you **qualify** for and **how much** of the available **rebate** you will receive at a **TFN supply site**.

Easy to track your status

Your **status** and discount benefits, rebate discounts received, and other discounts are displayed on your **Customer Dashboard**, so keeping track is easy.

Reap the rewards for your loyalty!
