

**Refuel2Save**

Refuel2Save – significant savings every day!

Refuel2Save brings you the most **competitive** on-road diesel price in the market!

- Buy your diesel at the **best price** and benefit from fluctuating **wholesale discounts** that result in better **on-road pricing**.
- Convert from a rigid **fixed price** approach to the **best available** price – at **any** given time.

Background

With third party importers and **wholesalers** now **competing** for fuel sales in the SA market, regular **additional diesel discounts** are being offered to retail and truck stop suppliers.

As a customer, this is to **your** advantage. You can make the most of the **extra discounts available** in the market to get the **best price** – every day. **Refuel2Save** makes it **incredibly easy** with the following features:

TFN Supplier Network

TFN's new diesel **on-road price structure** gives you access to the **best available daily pricing** through our **national** and **cross-border** supply network of **110 truck stop and supply sites**.

Refuel2Save Route Planner

And to help you manage it, we provide you with **Refuel2Save Route Planner** – a software program that provides you with the **best price**, highest **rebate** and best **promotions** along your chosen route!

Extra rebates

Our diesel price structure also **compensates** our **loyal** and **bigger** customers with **extra rebates and benefits**.

Management software

Manage all your refuelling using **TFN On-road Refuel Management software**, our comprehensive **on-road refuelling** and **driver spend** management solution (see TFN's On-Road Management Software for detailed functionality).

- Get **cross-border refuelling** using the same management software and with **payment** functionality from your pre-paid ZAR account.
- Manage your **home-base refuelling** and have one **integrated** on-road and home refuelling management solution.

How you will benefit

Our **price structure** will give you:

- A highly **competitive** on-road diesel price.
- A **below wholesale** base price at our Refuel2Save suppliers.
- An extra **volume rebate** of **up to 8c pl** on all refuelling at our Refuel2Save suppliers.
- **Extra price discounts** on top of the base price and rebates on **weekly diesel promotions** at our Refuel2Save suppliers.

The easiest way to enjoy the best diesel prices - everyday!
